

Lord Muggl,  
here are the films  
you've requested.

Thanks. There  
are no problems in  
life, right?

Yes.

It came from  
the upper floor,  
where the Circle is!

We're going  
on ahead!

Everyone  
follow me!

Yes, sir!

Armor of Albus, Activate

It allows the user to distort the space around their desired destination,

DO NOT DARROR

and teleports them there instantly.

PAAT!

*The Circle was destroyed!!*

*No normal Dragon  
Artifact should be able  
to even scratch it!*

A human?

Who's there?!

Longman  
Hyakki ya!  
DO NOT FEAR

Crimson...  
Autumn Fire...

That's him

*the Spear  
of Zainrakl*

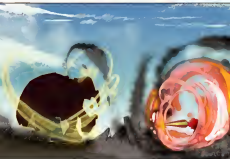

*That's the  
precious artifact  
of Air and Lord Yugi's  
personal Dragon  
Artifact!*

So why does a  
human possess it?

Long... long...  
My... my...  
my... my...

No... I'm at  
my limit!

Armor of Altum.

During the War of Independence, it was shown to be one of the greater artifacts.

I need to... get everyone away...

Well, humans don't document the Inuugi's history all that much, so it was forgotten...

But I was wondering what would happen if these two collided.

It looks like we have an answer.

Mr. Karkin.

Ah, yes?

You said Dragon  
Artifact Smuggling,  
correct?

What was she thinking about?

Yes.

I saw it in  
Colonel Kanata's  
memories.

It looks like  
she's been helping  
a merchant smuggle  
Dragon Artifacts

It's not an  
uncommon practice  
since it's legal under  
the law of the kingdom.

However, if you  
get it across the border,  
it can fetch a high price.

It could be worth  
investigating.

This kind of case  
often has a professional  
black market, and they're  
easier than the military  
to deal with.

We should look for  
them in this area.

In this area?

If we're  
going here,

we should  
cross the river  
on a ship.

Every year, there's  
a time when the biggest  
black market trade  
takes place, along with a  
bunch of auctions.

It's in a city of  
temptation and greed  
called "Iatung".

We should rest  
today and depart  
tomorrow.

With his sword on the academy, he's  
gone into the middle of the forest.  
What could possibly happen there?

Nothing was wrong when  
I talked to him earlier this  
morning, either.

I'll contact him once  
I reach Edorog.
